WHO WE ARE

True to our name, we are the wonder-makers. Inspired by Lewis Carroll's *Alice's Adventures in Wonderland*, we are focused on fairytale scenarios, with a strong emphasis on attention to detail. We're crazy about style, décor, lighting, indeed every little thing that turns an event into a day full of wonders. Wonderland Bali Events is an international team of creatives based in Bali, one of the most romantic places in the world, and a perfect location for a dreamy wedding. Founded and managed by Anastasia Wolf, who has 7 years of event experience in Bali, it's safe to say that we know the best locations, be it in the lush jungle, on the beach, or on a cliff top for vertigo addicts. We also know all about the peculiarities and foibles of working in Bali, which allows us to create events with many moving parts without compromising on the creative side of things. Join us in this happy madness! We never limit the communication process, and we're happy to embrace new ideas on the way. We're always on the client's side – helping to optimize the budget, pick the ideal location, and discuss local considerations. We're flower junkies, and mad about details. Most of our floristry is in-house.

Anastasia Wolf

Hi there, my name is Anastasia Wolf and I'm the mastermind behind the Wonderland Bali Events. When it comes to creating wonders on your Very Special Day, I'm your girl. How did I become a wonder-maker? I guess it has started in my childhood: as a kid I was enchanted by the "Alice in Wonderland" story and have often organized themed tea-parties, just like Mad Hatter would. I was particularly restless about the table décor, the flower arrangements and all the little details. Fast forward to the present time, and here I am, living on the island of Bali – my personal Wonderland! -for the past 14 years, creating some real-life magic for my dear clients. I've launched my own enterprise in October 2015 after 5 years of working in the events & luxury villas rental business. Once I've found a perfect partner in crime, I knew I was good to take off – wonders should be created in a good fun company! Working in events for me is a perfect balance of my burning desire to create beautiful things and being fully in charge of my own grown-up business at the very same time. Apart of that, I really do enjoy crating unique decoration and work with flowers, so all our events are done with in-house decoration, that mostly I do by myself. My broad experience has taught me that a wedding is one very stressful event for all the parties involved. It's not just a Big Day, for many it's once-in-a-lifetime experience and it has to be simply flawless. I'm a real perfectionist – call me a details junkie! – and every time there is a wedding to be planned I unpack all my experience in luxury villas rental, gastronomy, décor, music to tailor a day full of splendour.

WHAT TO EXPECT

It starts with a request. You ask as many questions you wish, we answer them, and hopefully also others you have not yet asked. We talk about what “makes” a Bali wedding, your expectations, things you might want to consider, and we tell you how we work. This initial verbal exchange is typically followed up with information in writing, or by a phone call, to suit your preference. We do this without any obligation on your part, and hopefully we get to know one another a little better. If you like what you hear from us, we will formalize an agreement to work together to make your wedding incredibly special. Once your wedding is booked, we will block your special date in our diary.

Q: How much does it cost to have a wedding in Bali??

Couples sometimes have slightly unrealistic expectations as regards their wedding budget. Bali weddings are definitely better value than what you would expect in a first world country, however costs are not as small as you might expect. With a smaller budget you can still have amazing villas, great food and fantastic decorations, however one of the main factors to consider is the number of guests. At our venues the typical cost per head for F&B is 1,250,000 IDR (USD 85 approx). Besides the cost the accommodation and venue, another major cost is decoration. To create one of the weddings that you see on our Instagram, you could be looking 20,000 USD for a 50 person sit down wedding. With more guests, cost naturally increase. If you add more flowers, chill out area, photo area etc it will likewise increase costs. We are happy to work with couples with a wide spectrum of budgets, however this is a useful rule of thumb.

The wedding budget will depend on a variety of factors, including the venue, decorations, entertainment and F&B. However, a very rough rule of thumb might be as follows. increase costs. We are happy to work with couples with a wide spectrum of budgets, however this is a useful rule of thumb.

- Intimate – (up to 30 pax) from 15,000 USD and up
- Budget wedding (50 pax) from 20,000 USD and up
- High end wedding (50 pax) from 35,000 USD and up
- Budget wedding (100 pax) from 25,000 USD and up
- High end wedding (100 pax) from 45,000 USD and up

FAQS

Q: How much should I expect to pay for a private villa?

This will vary considerably, because many factors influence the cost. The area that you choose will have the greatest impact on cost. Villas & venues located on the beach or on the cliff in Uluwatu/Bukit are some of the most expensive villas on the Island. In these areas you will be looking at between 5,000 to 20,000 USD for the villa. By contrast villas in Canggu, Umalas, Pererenan, Seseh and beyond are typically less expensive. We have a comprehensive list of villas located all around the island, and we have the knowledge and experience to recommend the perfect venue to suit your requirements and budget.

Q: Can we be legally married in Bali?

Yes you can get legally married in Bali, however it's a bit of a process involving extra costs. Please let us know in advance so we can organize this for you, and advise you what documents will be needed.

Q: Do you offer packages?

We plan weddings on a bespoke basis, because every wedding is unique. Some brides are focused on the F&B, whereas others are more interested in their dream decorations, and might opt for a simple buffet dinner in order to control costs. Decorations are a matter of personal taste, and we offer standard decoration packages up to full customization, which can be costly, especially if imported flowers are chosen. Being florists and decorators ourselves, we are always ready to offer advice on a range of decoration options at different price points, while always trying to deliver the most stylish look possible within the constraints of your budget.
